

PDS Vision Mi

Yes, it's possible.

A powerful PC with a tiny footprint.

Aesthetically and acoustically pleasing, the Vision Mi's small footprint frees up space for workstations everywhere. This little beast packs in the power, making it discreet and quiet for just about any environment, including digital signage, computers-on-wheels, and other mobile workstations.

- Perfect for point-of-sale workstations
- Wireless capabilities enhance desktop deployments and MACs
- Conveniently mounts on most articulating arms and mobile carts
- Small footprint: 6.5" (L) x 6.5" (W) x 1.97" (H)

- Energy Star 4.0

Dimensions:

- 6.5" (L) x 6.5" (W) x 1.97" (H)
(165mm x 165mm x 50mm)

Weight:

- 3.0 Lbs.

PDS strives to be the industry leader in product consistency with all our PDS products. We strongly believe that a key ingredient to reducing your TCO (total cost of ownership) is taking consistency down to each and every component with our systems. We make your life easier by reducing the number of component level changes that wreak havoc on your configurations, specialty apps, and overall support capabilities. For more information on PDS, visit www.pdspc.com or contact a PDS Account Director in your region, 800-966-6090.
